Welcome to OA2.

The Olympic Arms Owners Association was founded in 2000, when myself, and a small group of Olympic Arms owners and enthusiasts decided to offer an alternative to the other mainstream AR15 based web-forums. With OA2, we began the industries first brand associated AR15 owners group. Fully recognized by Olympic Arms as the Official Owners Association for Olympic Arms products, yet functioning 100% independant of Olympic Arms itself, OA2's purpose is, and always shall be to create a family-friendly, safe, and non-confrontational on-line community for the exchange of ideas and information related to Olympic Arms and and all AR15's and AR15 related products. Since the time of its inception, OA2 has become one of the premier forums for AR15 informational exchange, and it has grown in size, membership, scope and influence.

While this web site is dedicated to the collection of, and dissemination of information associated to Olympic Arms brand products, we want to stress that owners of all brands of AR15 are welcome and encouraged to participate. Spend a few minutes browsing our discussion forums, and you'll notice right away that we are here for everyone.

Supported by factory reps who are members themselves, OA2 offers the best, most up-to-date an accurate information available to its members. Guaranteed family friendly, with a dedicated Staff and Advisory counsel, OA2 is safe for users of all ages and genders. With nearly 3000 current members, and over 89 THOUSAND informative articles, OA2 is right for you an your family to leanr and grow within the AR15 community.
